

TONOPAH MINING DECLARES DIVIDEND

TAFT SPENDS DAY WITH THE HOME FOLKS AT CINCINNATI

By Associated Press.
CINCINNATI, Sept. 22.—Taft had a thoroughly enjoyable time today among the "home folks" of Cincinnati. He visited the Ohio Valley exposition, made an address at the Music hall on waterways improvements, took an automobile ride during the afternoon, dined at the Business Men's club in the evening, and later attended a performance of the opera "Paoletta," composed by local musicians and rendered largely by local talent. The president was given a remarkable demonstration

when he announced at the Music hall today, that after his tenure had expired at Washington he proposed to return to Cincinnati and spend the rest of his life in this city. In his speech today celebrating the completion of the Ohio river dam, Taft announced so far as his administration was concerned "pork barrel" methods of making appropriations for river and harbor work were at an end. He declared he would veto any bill in the future that appropriated money merely for the benefit of its local expenditure.

CRIPPEN AND TYPIST CHARGED WITH MURDER

By Associated Press.
LONDON, Sept. 22.—Dr. Crippen, together with Ethel Leneve, today were formally committed to trial for the murder of the former's wife, Cora Belle Crippen, the American actress known on the stage as Belle Elmore. Dr. Crippen is charged as principal and his companion as an accessory after the fact. The inquest into the death of the person, parts of whose body were unearthed in the cellar of the Crippen home, has not been concluded, and another session of the court will be held next Monday. The crown has attempted to show the parts found were of the body of Belle Elmore, but medical experts were unable to swear positively regarding the sex of the victim. The accused girl was the cause of a hostile demonstration when she arrived at the Bow street station today. The cab she occupied was followed by a crowd of hooting women through the streets.

BODY FOUND WITH FIVE SHOTS IN THE BACK

By Associated Press.
LAGRANDE, Sept. 22.—The body of Waldo Perry, deputy county assessor of Union county, was discovered today by friends who broke into his house here to secure an explanation of Perry's absence from his office during the last ten days. The body was found on the staircase with five shots in the back. There is no clue to Perry's slayer.

TELEGRAPH FRANKS ARE ABOLISHED

Persons who have been fortunate enough to be possessors of telegraph franks must now join the great army of the common people who have to pay for their messages.

From now on the use of the telegraph frank will not be permitted by law except by employees of the companies. This new rule is only one of a number of new restrictions which went into effect as parts of an amendment to the interstate commerce law passed by congress last June, but which did not receive much attention at the time.

In addition to the abolition of the publication of all telegraphic rates by the companies, and although the companies will be permitted to establish rates for night and day, for boards of trade and franks the amendment provides for other lines of special business, all tariffs, when made, will be subject to revision by the interstate commerce commission.

\$400,000 Will Be Distributed to the Stockholders of Largest Silver Mine In the United States.

At the regular quarterly meeting of the directors of the Tonopah Mining company, held in Philadelphia today, the regular quarterly dividend of 25 cents was declared with an extra dividend of 15 cents, making a total of 40 cents, or \$400,000 in all. The dividend is payable on October 21, 1910, to stockholders of record of September 30. The books will close on September 30 at 3 o'clock p. m. and open on October 10 at 10 a. m.

This makes a total of \$7,130,000 paid in dividends by the Tonopah Mining company since its inception, and also makes a total of \$1,500,000 paid this year, counting the dividend declared last December, but which was paid in January.

With the paying of \$1,500,000 in 1910 the company stands the ninth in the list of companies in the United States and again comes out as the greatest silver producing mine in this land.

PROGRESSIVES OF COLORADO VICTORIOUS IN CONVENTION

By Associated Press.
COLORADO SPRINGS, Sept. 22.—The progressive republicans won a substantial victory in the state convention which concluded its session tonight, by the selection of a full state ticket. In one of the sharpest fights in the history of the party in the state, they prevented the adoption of the resolution condemning the initiative and referendum, and secured instead a plank favoring its submission to the people. State Senator John Stephens was nominated for governor. The national administration was endorsed, and the tariff bill was accepted as a fulfillment of the national republican platform for revision downward, but it was declared other changes would be necessary, and these "should be made as speedily as possible." The minority report commending Senators La Follette, Dilliver, Bristow and Beveridge for their attitude in national affairs and welcoming Roosevelt's return to the field, and a political discussion strongly endorsing the initiative and referendum were tabled for a milder one dealing only with the initiative and referendum which was adopted.

JURY IN THE ROUND MOUNTAIN CASE SECURED

BUT ONE PEREMPTORY CHALLENGE EXERCISED AND THAT BY DEFENSE.

Just prior to the noon adjournment of the district court today, the jury in the case of Davidson versus the Round Mountain Mining company was secured and sworn in. But one peremptory challenge was exercised and that by the defense, who excused S. Fox from serving. Mr. Fox, it is thought, was challenged on account of having at the present time litigation in Goldfield, in which it has been decided that he was the first locator of that camp.

The opening address was made as soon as the jury was sworn. The plaintiff will endeavor to show that the Round Mountain Mining company entered his leasing interest on the Red Top Mining company's ground at Round Mountain, and extracted ore to the value of \$300,000. It is apparent that the defense will claim apex rights.

The trial proper started at the afternoon session when several location notices and documents were introduced in evidence. At 2:30 no witness had been placed on the stand, as the work of leading up to taking of testimony was still under way.

The jurors who will decide the case are as follows: Charles Hill, George Falkenstein, Ed Harmer, John Smith, Warren H. Bond, James Ford, John A. May, C. W. Gorton, A. J. Gingles, Charles F. Leavitt, John B. Holmes and R. J. Highland.

REPRESENTATIVE FROM WYOMING CRITICALLY ILL

SHERIDAN, Sept. 22.—Congressman Frank Mondell, Wyoming's only representative in the house, is critically ill at his home at Newcastle.

SEEK TO PROVE ROOSEVELT SOUGHT AID FROM THE POPE

By Associated Press.
SPRINGFIELD, Mass., Sept. 22.—The Republican tomorrow will print a letter from Mrs. Bellamy Storer, written in France on September 5, reviewing the controversy between the Storer and Roosevelt concerning the former president's alleged authorization of the former ambassador to Austria-Hungary to visit the pope and ask as a personal favor to the president of the United States to make Archbishop Ireland of St. Paul, a cardinal.

Letters which were written by the archbishop in 1903 and four hitherto unpublished, all quoted by Mrs. Storer to show that at repeated interviews at the white house between the archbishop and President Roosevelt, he acknowledged he had commissioned Storer to act as his personal envoy to the vatican on behalf of the archbishop. Roosevelt hitherto publicly denied Storer was

ever authorized to represent him in this manner and the Ireland letters as now published by Mrs. Storer will have the effect of making a much sharper issue of the veracity between Storer and the ex-president. Mrs. Storer's letter to the Republican also seeks to prove on the testimony of Archbishop Ireland that Roosevelt promised to make Storer United States ambassador to either Paris or London. There is included still another letter alleged to have been written by Roosevelt to Storer just after the presidential election of 1896, in which Roosevelt asked Storer to see President-elect McKinley and urge him to appoint Roosevelt as assistant secretary of the navy. The last letter seems to confute the recent assertion that Roosevelt never sought a public office, except when he sought the presidential nomination in 1904.

INSANE FINN KILLED AFTER A ROUGH HOUSE

By Associated Press.
ANGELES, Sept. 22.—A stranger, believed to be Gus Reibe, a Finn from Black Diamond, Contra Costa county, was shot and instantly killed early this morning by Constable Cosgrove of Angeles at the Altaville hotel. Reibe made considerable noise in his room and was remonstrated with by the other lodgers. Taking offense at the remarks of the man next door, Reibe fired a shotgun through the partition in the direction of the man who tried to quiet him. Reibe continued shooting at intervals and finally the constable was summoned. Reibe was undoubtedly insane, as he did not sleep during the night and talked incoherently, and fired about a dozen shots while in the room.

SILVER MARKET. SAN FRANCISCO, Sept. 22.—Silver 53 5-8.

FIVE JURORS CHOSEN IN THE HALSEY CASE

SAN FRANCISCO, Sept. 22.—Five prospective jurors were chosen during the afternoon at the session of the Halsey trial. An adjournment was taken until Friday morning. Judge Emmet Seawell, of Sonoma county, is presiding for Judge Dunne.

WOMAN KILLED IN RAILROAD WRECK

LIMA, Sept. 22.—One woman was killed and twenty-five other passengers injured today in a wreck on the Chicago and Erie railroad. Four cars left the rails and overturned in a ditch twenty feet deep.

SEARCH FOR CLEWS.

TAMPA, Fla., Sept. 22.—Officers are today searching for clues to the identity of six men composing the armed mob which last night forcibly took Angelo Albano and Castenage Fecarrolla, Italians, from the custody of officers and lynched them just outside the city limits. It is believed the lynching is a development of the cigarmakers' strike here. The officers hold that it is the result of an Italian blackhand feud.

JOHNSON-LANGFORD.

BOSTON, Sept. 22.—Jack Johnson, the champion heavyweight and conqueror of James J. Jeffries, refused today to put up \$20,000 for a fight for the title with Sam Langford, the Boston colored middleweight boxer, until the latter had made the first deposit. They may come to terms later.

TEDDY CARRIES COUNTY CONCEDED TO SHERMAN

By Associated Press.
NEW YORK, Sept. 22.—Old guard leaders who are fighting for the control of the Republican state convention at Saratoga next week were admittedly surprised today when the news reached them that the supporters of Roosevelt had carried the Schenectady county republican convention and had instructed its delegates to support the colonel as temporary chairman and favor the direct primaries. Schenectady and Albany counties comprise the twenty-third congressional district, which is represented on the republican committee by William Barnes, Jr., one of the most aggressive old guard leaders, hitherto regarded as invincible.

FORTY-TWO ARE KILLED IN TROLLEY WRECK

By Associated Press.
BLUFFTON, Sept. 22.—Forty-two persons were killed in an interurban trolley wreck between Blufftown and Fort Wayne at noon today. Just what error caused the accident has not been explained. One of the cars was an extra and this carried no passengers. The other was a regular local, which carried between fifty and sixty passengers. The accident occurred on a curve, screened by dense woods. Both cars were traveling at high speed. One heroic act that will stand in the annals of the wreck is that performed by Conductor Spiller of the north-bound car. Though severely injured, he staggered down the track and flagged the limited train only a short distance away.

YALE DEFEATS HARVARD.

MANCHESTER, Mass., Sept. 22.—Yale today successfully defended her title to the intercollegiate golf championship for teams, defeating Princeton in the finals at the Essex Country club.

CHAMPION TROTTER SETS NEW RECORD

ALLEN TOWN, Sept. 22.—Uhlan, the champion trotter, today clipped three-quarters of a second off the world's record when he went in 2:05 1-4 over the half-mile track.

The Bonanza's ruffing and binding plant is still running. Bring in your orders.
